SESSION CO-ORDINATOR’S GUIDE

1.1 Session Co-ordinator

The Session Co-ordinator is responsible for scheduling contributions and breaks within his session. These contributions need to be imported by the Session Manager or Conference Manager before you can add them to your session.

You are given this co-ordinator access by either the Session Manager or the Conference Manager. The Conference Manager sets the level of modification rights for all of the Session Co-ordinators. You can access your session by selecting My session from the conference menu.

To modify the contribution click on its entry item from either the timetable or the contribution list.
