

Contribution ID: 643

Type: Oral

Thermal radiation of various gravitational backgrounds

Wednesday, November 1, 2006 11:30 AM (30 minutes)

Primary author: Prof. SINGLETON, Douglas (California State University, Fresno)

Co-authors: Dr AKHMEDOV, Emil (ITEP); Prof. PILLING, Terry (Department of Physics, North Dakota State University); Mrs AKHMEDOVA, Valeria (California State University, Fresno)

Presenter: Prof. SINGLETON, Douglas (California State University, Fresno)

Session Classification: Field Theory Motivated Theoretical Developments

Track Classification: Field Theory Motivated Theoretical Developments
