

Contribution ID: 64

Type: Oral

Unified Theory of Annihilation-Creation Operators for Solvable ('Discrete') Quantum Mechanics

Wednesday, November 1, 2006 8:00 AM (30 minutes)

Primary author: Prof. ODAKE, Satoru (Shinshu University)

Co-author: Prof. SASAKI, Ryu (Yukawa Institute for Theoretical Physics)

Presenter: Prof. ODAKE, Satoru (Shinshu University)

Session Classification: Field Theory Motivated Theoretical Developments

Track Classification: Field Theory Motivated Theoretical Developments
