

# Joint Meeting of Pacific Region Particle Physics Communities

## Monday, October 30, 2006

### Low Energy Test of SM - Puna (10:00 AM - 12:00 PM)

time	[id] title	presenter
10:00 AM	[646] Theoretical issues in parity and time-reversal violation in atoms	Dr GINGES, Jacinda
10:20 AM	[645] Electroweak Physics with Parity-Violating Electron Scattering	Prof. KUMAR, Krishna
10:40 AM	[694] Possibilities to study physics beyond the standard model in solid state experiments.	Prof. SUSHKOV, Oleg
11:00 AM	[649] Searches for new interactions and exotic particles with neutral atom traps at TRIUMF	BEHR, John
11:20 AM	[702] "Precision Tests of the Standard Model with Neutrons"	Prof. BODEK, Kazimierz
