

Joint Meeting of Pacific Region Particle Physics Communities

Wednesday, November 1, 2006

Field Theory Motivated Theoretical Developments - Puna (8:00 AM - 10:00 AM)

time	[id] title	presenter
8:00 AM	[64] Unified Theory of Annihilation-Creation Operators for Solvable ('Discrete') Quantum Mechanics	Prof. ODAKE, Satoru
8:30 AM	[237] Quantum boundary conditions and particle bound states	Prof. CHEON, Taksu
9:00 AM	[126] Supersymmetry as a part of higher dimensional gauge symmetry	Dr NAGASAWA, Tomoaki
9:30 AM	[230] Selecting Gauge Theories on an Interval by 5D Gauge Transformations	Prof. SAKAI, Norisuke
